Profile

I am a budding data scientist with experience using popular data science toolkits like Pandas, NumPy, Scikit-learn, Matplotlib, Seaborn, and PyTorch.

Work Experience

Data Analyst/Engineer

Verified Nutrition

07/2020 – 01/2021 | Los Angeles

- Designed, implemented, and maintained data pipelines with Python, Snowflake
 - Tested REST API requests with Postman
 - ETL with Python
 - Warehousing with Snowflake
- Performed exploratory analysis and regression on business data
- Did customer segmentation and reported on various groups

Teaching Assitant

University of Southern California

08/2018 – 05/2020 | Los Angeles

Certificates

Python for Data Science and Machine Learning Bootcamp

Instructor - Jose Portilla

Skills

Programming

- Python, Jupyter notebook, SQL
- Versioning with Git and Github

Machine Learning

- Regression, classification, clustering with Scikit-learn
- Deep learning with PyTorch and Keras/Tensorflow

Mathematics

Linear algebra, probability and statistics, calculus, graph theory

Projects

Full Portfolio on my Website [🔗](#)

Heart Failure Model [🔗](#)

Used Scikit-learn to classify patients at risk for deadly heart failure

- Used logistic regression for feature selection
- Trained gradient boosting model for final predictions

Bag-of-words Toolkit [🔗](#)

- Developed a Python library for preprocessing text data—cleaning and bag-of-words transform
- Published the library to PyPi

Image Classifier [🔗](#)

- Used PyTorch to create convolutional neural network for image classification
- Curated a balanced dataset for testing

Education

MA in Mathematics

University of Southern California

08/2018 – 05/2020 | Los Angeles

BA in Mathematics

San Francisco State University

08/2014 – 05/2018 | San Francisco

Interests

Rock climbing | Philosophy | Cooking | Jazz

Fiction | Old School Runescape
